

MAXFILE ASSEMBLY
DVD MAXFILE ASSEMBLY
(MF480, DVD360)

To Assemble:

1. Lay 1 side on floor or work surface with cam locks up (use cardboard or padding to avoid scratching or marring).
2. Align hardware on back with cam locks in side panel.
3. When hardware is aligned, gently insert tabs into cam lock and snug by turning cams clockwise
(DO NOT OVER TIGHTEN)
4. Align bottom shelf following steps 2 & 3
5. Gently set opposite side panel on raised ends of back top and bottom shelf. Follow steps 2 & 3.
6. Stand unit upright, check all cams for snugness
7. Align top drawer and fasten with bolts (**PACKAGED UNDER MAT**).
8. Carefully line up and insert drawers.
