

# Demco LibraCraft®

## Corner Connector Units

### ABOUT THE UNITS

Demco LibraCraft modular shelving includes corner connector units with or without shelving. The configuration examples below show some of the ways that you can use them to create unique shelving arrangements in your library.

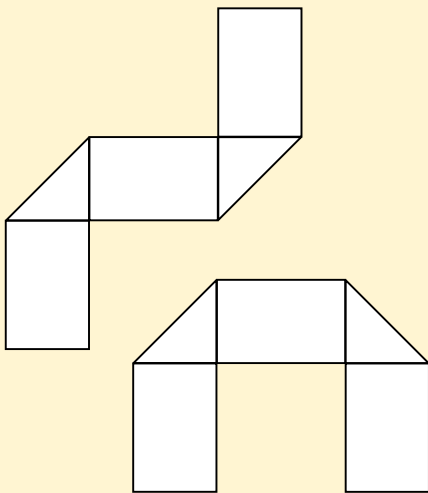

These units are compatible with 24"D starter or add-on units.

Like the rest of the LibraCraft line, corner connector units offer:

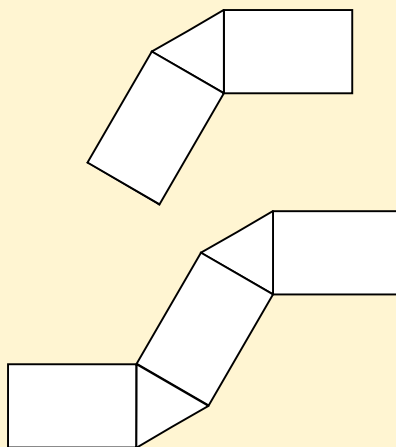

- Craftsmanship by master woodworkers, exclusively for Demco
- Clean, classic silhouettes that create warm and inviting library spaces
- Handsome wood finishes and durable laminate choices that ensure long-lasting good looks

### How to configure

**90° Corner Unit includes shelves on one side**

**60° Corner Unit includes shelves on one side**

**Filler Unit does not include shelves**
