

Library Chairs

Solid wood chairs offer sturdy spiral-grooved construction and a combination of hardened screws and an additional metal fastener from the back post to the side rail joint. Reinforced with screws and solid wood supporting braces for maximum stability. Choose from all-wood chairs or models upholstered with Marquesa® Lana olefin fabric that meets CA Code 117 standards for flame resistance. Available with standard leg bases or stability-enhancing sled bases.

Modular Circulation Desks

- 1¼" thick wood tops
- ¾" thick panels and shelves

Modular circulation desk components from MediaTechnologies can be configured into endless layouts to meet any library's needs! Tops offer 1¼" thick, 3-ply wood construction with high-pressure laminate surfaces and solid red oak edge banding. Panels are ¾" thick, 3-ply furniture board with grade "A" veneer surfaces. All shelves are ¾" thick, 3-ply plywood with veneer faces and solid red oak edges. Each unit is equipped with side wire-management holes to easily run data and power cords between modules. Choose from 32"H units for sit-down use or 39"H standing-height units. Each desk configuration requires 2 end panels, sold separately. Unless otherwise noted, specify finish, top color and height for each component you order.

Desk Units: A top-mounted grommet in each work surface provides cable control. (72"W desk includes 2 grommets.)

Transaction Counters: Add to desk units to create a patron ledge. Specify finish and top color only.

Open Storage Unit: Includes 3 shelves that adjust in 1¼" increments.

Triangular Corner Unit: 2 shelves on patron side adjust in 1¼" increments.

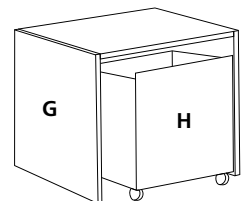

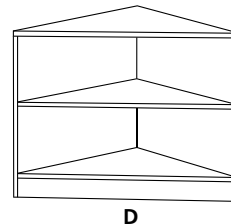

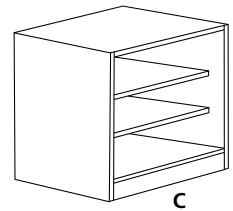

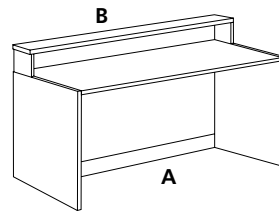

Mobile File Pedestals: Steel pedestals with black powder-coat finishes and 1½" dia. swivel casters for mobility.

Pencil Drawer: Locking, steel pull-out drawer with black powder-coat finish attaches to desk units, sold separately.

Book Return Unit: Features a 3½"H x 18"W book slot with hardwood book ramp.

Depressible Book Cart: Fits inside book return unit, sold separately. With spring-loaded platform and 2" dia. casters. Specify finish only.

End Panels: 2 end panels are required for each desk configuration. Specify finish only.

Specify height: Youth 32"H or Adult 39"H.

NOTE: Specify wood finish, and laminate top color.

MediaTechnologies® Benchmark Shelving & Atlas Stands

Atlas Stands

- 1" thick grade A solid red oak veneers and solid-oak edging

Provide a convenient place for patrons to review atlases and other large reference books! Sloped veneer tops with built-in book stops support open volumes, and 5/8" thick pull-out shelves provide easy access to stored titles.

Picture Book Shelving

Magazine shelf is 3/4" thick wood with an oak face. Front edge has a solid oak retaining rail. The magazine shelf pivots on pins, which mount between the end and the intermediate panels, allowing the user to lift the shelf and utilize the concealed storage space. Pins are retained with a metal bracket and screws to prevent accidental removal.

Shelving End Panels

Turn shelving end panels into display and information centers

Designed to fit at the end of double-faced shelving ranges, these versatile panels help you make the most of your library's available space. Choose a tackable bulletin board panel covered with Marquesa® Lana olefin fabric that meets CA Code 117 standards for flame resistance, or an all-wood slatwall panel.

Pins lock loaded shelves in place

Shelving

- 1" thick grade A solid red oak end panels, intermediate panels, tops and base shelves
- ¾" thick shelves adjust in 1¼" increments

Modular shelving units from MediaTechnologies® are both functional and sophisticated in design. Starters and add-ons let you order what you need now, then expand as collections grow. The ¾" thick shelves adjust in 1¼" increments for storage flexibility (base shelves are fixed). All adjustable shelves offer solid-hardwood construction, combining aspen and oak. The shelf bottoms are notched to accept pins that lock loaded shelves securely in place. High-pressure laminate tops, ¼" thick oak veneered plywood back panels and 4"H, 1" thick oak veneered plywood kickplates give shelving a finished look. Optional valances are sold separately. Choose from single- and double-faced styles in a wide range of styles and sizes. Starters measure 37"W, add-ons are 36"W.

Note: You must begin with a starter, then select add-ons as desired. Add-ons have only 1 end panel and cannot be used alone.
